FHCP has Plus QB. So we need the debit card after all...darn! I'll review the app this weekend and get it back to Debby immediately.

Thanks for your work on this. We need QB ASAP because we have the year-end coming up!

Have a grand weekend Jim.

Hugs,

Laurie

Subject: QuickBooks Online info

Today I spoke with a Small Business Sales Consultant with Intuit QuickBooks regarding Online QB. The following is a summary:

1. QB Online can not and does not do direct bank debits for subscription payments. We must use a debit card/number that the bank issues.
2. The Banc of CA Debit Card application will need to be completed, and it will need to be returned to Debby B. at our bank for processing. Debit would be from our Checking Account.
3. I was advised we would need the "Plus QB" version. This allows for up to 5 users and costs \$14.99 a month for the first twelve months (one year) and then \$29.99 for each month after that. Also, there is an option of paying annually and their would be a discounted price if that's done.
4. Plus QB Online is fully compatible between MACs and PCs. This would allow for Fabio and the BID to use without any glitches.
